## GreenPact (NGO) / The Groots (group's name)

# Chneya bech nkoulou when presenting+ta9sim

#### slide1&2&3: intro (roug)

Hello everyone and welcome to our presentation on **The GreenPact**, an NGO dedicated to protecting and restoring Tunisia's biodiversity. With a focus on SDG 15: Life on Land, our goal is to combat deforestation, protect endangered species, and promote sustainable land use. Today, we'll take you through our mission, values, and action plan, highlighting the challenges we face and how we aim to make a positive impact on Tunisia's environment.

slide4&5: board (yassine)

slide6: SDG (chiheb)

Our Commitment: At The GreenPact, we focus on preserving natural habitats, protecting endangered species, and promoting sustainable land use practices. Through reforestation projects, wildlife conservation efforts, and public education campaigns, we are actively contributing to the achievement of SDG 15.

slide7: problem statement (ahmed)

Tunisia is facing a significant decline in biodiversity, with various species at risk of extinction due to human activities such as deforestation, overgrazing, and pollution, which threatens both wildlife and the well-being of local communities that depend on these ecosystems.

slide8&9&10: about the NGO (nour)

**The GreenPact** is a non-profit organization committed to the protection and restoration of Tunisia's biodiversity and natural ecosystems. We are focused on preserving endangered species by protecting their habitats and implementing reforestation and conservation programs. By combating deforestation, overgrazing, pollution, and other human activities that threaten biodiversity, we aim to halt the degradation of vital ecosystems.

Through our initiatives, we strive to ensure a thriving environment for future generations, where both wildlife and people can coexist in harmony.

slide11: values (selim)

At The GreenPact, we are driven by five core values: Sustainability, Collaboration, Education, Integrity, and Innovation. We strive for long-term environmental solutions that ensure balance between people and nature. We create long-term environmental solutions, work with partners and communities, raise awareness on biodiversity, uphold transparency, and pursue creative ways to address environmental challenges in Tunisia.

**slide12:** mission and vision (ahmed)

At **The GreenPact**, our mission is to create a future where biodiversity thrives, with protected natural habitats and ecosystems that support sustainable livelihoods. We envision a restored Tunisia where deforestation is combated, sustainable land use is promoted, and public awareness is raised to protect our country's rich terrestrial ecosystems for generations to come.

## **slide13:** challenges (chiheb)

Our NGO faces several challenges. These include securing adequate funding and resources for our projects, building strong collaborations with key stakeholders, and advocating for stronger policy enforcement to protect biodiversity. Additionally, we must address the lack of public awareness about environmental issues and continuously measure the impact of our efforts to ensure they are effective and sustainable.

## **slide14:** action plan (yassine)

Our action plan at **The GreenPact** focuses on key initiatives to protect Tunisia's biodiversity. We will implement reforestation initiatives to restore ecosystems, wildlife protection programs to safeguard endangered species, and community education campaigns to raise awareness about environmental sustainability. Through collaborations and partnerships, we aim to extend our impact, while organizing pollution clean-up projects and advocating for stronger environmental policies to ensure long-term protection of our natural resources

#### **slide15:** conclusion (**roua**)

In conclusion, **The GreenPact** is dedicated to protecting Tunisia's rich biodiversity through sustainable practices, education, and collaboration. By addressing key environmental challenges, we aim to restore ecosystems and create a future where both nature and communities thrive.
